

MACCROSSROAD 3.0 S3 HIGH / 67313 / EN 20345:2011 - S3 CI HI HRO SRC //

High safety shoes

- multipurpose
- slip resistance
- cushioning
- HRO
- comfort
- flexibility
- durability
- antistatic
- 100 % metal free
- **sizes:** 36 - 48

**100 %
metal
free**

APPLICATIONS //

energy | environment | services | construction | industry | heavy industry | agriculture & green spaces

TECHNICAL SPECIFICATIONS //

- **sole:** MACSOLE[®] ADVENTURE 3.0 rubber with MACABSORB EVA insert in forefoot & heel for greater flexibility and better cushioning | excellent levels of grip (SRC) | oil, hydrocarbon & chemical-resistant | antistatic | resistance to contact heat up to 300°C (HRO) | sole profile with ergonomic shapes to better follow freedom of movement | all-terrain profile with deep treads for better grip | rubber scuff cap
- **upper:** water-resistant full-grain leather | reinforced heel & sides Agile Ankle Guard for better stability and protection of malleolus while keeping high freedom of movement
- **lining:** 3D mesh for better ventilation & fast drying
- **tongue:** gusseted tongue with synthetic & water-resistant textile to keep dirt and liquid out of the shoe | loop to hold tongue in place
- **upper padding:** flexible & compact foam for better comfort and protection around malleolus and Achille's tendon zones
- **toe cap:** metal-free | lighter than steel | conducts less heat & cold than a metal toe cap
- **penetration-resistant midsole:** metal-free | light & flexible | conducts less heat & cold than a metal sole | protects 100 % of the surface of the foot
- **insole:** removable | anatomically shaped with forefoot & heel shock absorbers | top layer in microfibre for better resistance to abrasion, very high moisture absorption capacity & fast drying | bottom layer of 85 % recycled open cell PU foam with high shock absorption capacity & breathability | washable at 30°C
- **sizing system:** French (EU) | width 11
- **weight:** 700 g in size 42
